

Brussels, 19.7.1983.

Dear Sir,

I'm staying in Belgium since my return from India in 1980 where I met Baghwan and I'm his disciple since 1979. I have had the honour to visit my enlightened Master several times in India and hope to see him in the States. I have talked with Him and received His Blessings, so I am in a position to say that He gave me something incredible that I could'nt find anywhere else and that my life has basically changes since I'm His disciple. I know that many people went and still go through the same experience, just as I do.

This letter is to let you know who is Bhagwan Shree Rajneesh throughg my experience, and the extraordinary life's present He is for me.

Yours Sincerely,

C. Mathieu (legal name)
