

Bussels, July 9, 1983

Dear Sirs,

When I came across Hapman Lee
Kajewel in 1979, I was General
Manager of an Advertising Agency,
a quite successful careerwoman of
35 in business Times but a wreck
in private and personal life.

Hapman's writings and lectures
enlightened my life and Thanks
to him, now my life has a
meaning, a purpose, a spirituality
which was ~~lost~~ by looking in
The day before time! Thanks
to him, I am much more ~~balanced~~
and happy. He is an incredible
and extraordinary spiritual
Master who has shown me,
taught me, made me understand
how to live life in flowing

with life and not fighting against it. The results are astonishing in social, family, professional and personal terms. and I recommended him to everybody. The world would be a much easier place to live in, would everybody live according to his teaching!

Now, I am no more in advertising agencies. I am handling the marketing and advertising of an international Tai Chi Chuan school in which I am also teaching occasionally and in which I can apply the principles of work of this great master, for whom I feel respect -

Sincerely yours
Chouhwa
