To whom it may concern:

This letter is written in support of Bhagwan Shree Rajneesh's request that he be granted a Visa to the United States of America.

After having read some of his books and listened to some audiotapes, I am convinced that he is a great spiritual leader in our world today.

I am a retired, elderly lady who was born and raised in the mid-west. I have not become a disciple of his, but I believe firmly that our United States must definitely support religious freedom.

Sincerely yours,
Charlotte A. Rogers
