To whom it may concern

My name is Josef Dick, also known as Swami Anand Akak.

I am living in Rajneesh puram since almost two years. My present work is to take care of our cattle. Before I worked as carpenter and heavy machinery operator. Only carpentry was known to me before I came here. I feel strongly that the presence of Bhagwan Shree Rajneesh has helped me to learn and perform my work professionally in a very short time.

A certain kind of awareness, which Bhagwan teaches us, made me alert enough to avoid dangerous situations as heavy machinery operator, to stay calm and relaxed in this situations and to respond accordingly is possible for me because of the influence Bhagwan and his teachings have on me.

When my workspace changed to a

cattleman, I had to learn again.

I am very thankful to Bhagwan that his presence made it possible for me to become sensitive to every new workspace. To build fences becomes a meditation, when you are connected to Bhagwan.

He is my religious Master and influences through his presence, his silence and his teachings my work greatly. I am grateful to be in his presence

Sincerely yours

Swami Anand Ash
