

To whom it may concern.

I have been informed that my spiritual master Bhagwan Shree Rajneesh is being denied the possibility to stay in U.S.A. as a religious teacher on the evidence that He is Keeping silence.

Every spiritual master has his peculiar ways to deliver his message. Bhagwan Shree Rajneesh has now chosen the word less Way.

Every spiritual seeker finds his own forms of Worship. Mine is to be consciously on my working-place in this society as an integral part of it.

I call this freedom.

Every enlightened person on this planet looks at the Constitution of the New World as the highest peak in human and civil Right reached so far. Please remain Faithful to it.

Yours sincerely.
