To whom it may concern,

I know Bhagwan since two years and been one of his sannyasins one and a half years ago. I am working in the court side near PAVENNA.

I do not know anybody else more uncommon than Bhagwan Shree Rajneesh. With his meditations, his words and, overall, his presence he give to me a so immense nice signification of my life - He teaches me to love me and everything which comes to me to discover thousands of things being in my heart, to understand that there are so many possibilities to live a life more complete and more responsible. I am

blissfull to be one of his sanyasin  
and I feel his presence like a wonder  
gift which really transforms the living  
of everybody more happily and  
harmonily -

ma Dhyani Suresh
