To Whom it May Concern,

I got to know about Bhagwan Shree Rajneesh through finding one of His lecture books entitled "The Search" in a book store. I felt a strong inspiration from that book. In the next year on June 15th, 1981 I became His disciple in Poona.

At that time He was already in silence, but I didn't want to be left behind by His disciples and work. Now I live in Japan, but I feel that He is always with me and taking care of me. Bhagwan's love messages are always sent to us from Oregon, Rajneeshpuram such as " Be totally positive ". *S. Motoyoshi*

Now I don't want Bhagwan to speak any more as His lecture's are contradictory and there are just too many for me to understand. Just a simple and twinkling message of His becomes like a jewel, and gives more understanding than His lectures.

Just a simple word from this man that I trust, gently smiling in silence, can give me the courage and the power to accept reality.

Thanking you

Sanpei Motoyoshi
