

To Whom It May Concern,

August 8, 1983

I have been a member of the Rajneeshie religion since July, 1982, having been first exposed to and making contact with Rajneesh centers in March, 1982. In that time I have not heard Bhagwan Shree Rajneesh speak in public or had any private verbal communication with him. His silent communication in Satsang and Darshan services has touched and affected me more deeply than the words of any other religious leader I've met. The indescribable message of love which he radiates through his silence has totally transformed and revitalized my spiritual life. I have ample opportunities to read his many books or listen to his tapes when I wish to hear his ideas about spiritual life, but my deepest experiences have been those that involved silent communion with him. I wish for these experiences to continue and feel in no way deprived because he doesn't speak in public.

Sincerely,

Swami Prem Jal
